RULES FOR CONDUCTING MEETINGS

Members of an organization are governed by Rules of Order. Such rules must be observed and a working knowledge of them will enable members to give expression to their ideas and to become more effective in the affairs of the organization.

The presiding officer controls the meeting to see that it doesn't get out of hand. Business is transacted by the members at the meeting, and the presiding officer guides the members and keeps them on the track. He rules on matters of procedure and maintains order to prevent the business of the meeting from becoming sidetracked.

Business is conducted in the following order

- Call to Order
- Reading of Minutes of Previous Meeting
- Report of Officers and committees
- Unfinished Business
- New Business
- Adjournment

1. The meeting proceeds after it is called to order by the presiding officer.

2. The minutes of the previous meeting are read by the Secretary. If there

are no corrections or changes to be made, the Chair may order them approved as read. If changes or corrections are necessary, the chair calls for a vote.

3. Officers' reports usually cover routine business and may be approved as received. The Treasurer's report may be received by motion acted upon by the members but should not be approved until audited. This does not apply to small organizations or where the monies involved are nominal. The chairman calls for a vote on the acceptance or rejection of a report after it is given and if there are no objections, he rules the report be accepted as read.

4. Any business not concluded at the previous meeting is Unfinished Business and should be disposed of at the current meeting.

5. When anything is brought before the meeting the first time for consideration or action, it is done at the time of the call for New Business.

Making a Motion - When making a motion your remarks are addressed to the Chairman. It is improper to make a motion when another member has the floor.

Seconding the Motion - When a motion is made, someone should second it. Failing to obtain a second defeats the motion and no action is taken on it. The motions that do not require a second are: Making Nominations; Calling for a Division of the Assembly; Objection to the Consideration of a Question; Questions of Order; Call for Orders of the Day; Parliamentary Inquiry; and Leave to Withdraw a Motion. Even though you made a motion or second it, you may still vote against it.

Discussion and Debate - When a motion is made and seconded, the Chairman asks for remarks. Discussions may be lengthy, but no member should speak more than twice on the question before others have a chance to speak. Some Motions are not Debatable, such as: A Motion to Adjourn, to Close Nominations, to Withdraw a Motion, or Points of Order. Main Motions are always debatable.

Amending the Motion - A motion is amended by adding or striking out parts of the original motion. An amendment must have some relation to the motion; otherwise, you may introduce a new subject for consideration before action is taken on the first. This is improper, and the maker of the second motion should be declared out of order. An amendment to an amendment may be offered, but it must be related to the main motion and the first amendment. The members vote first on the second amendment, then on the amendment, and finally on the main motion.

Withdrawing a Motion - After making a motion you may withdraw it by making a motion to do so. This requires no second and is not debatable, but the withdrawal must be done before the chairman has stated it to the meeting for discussion and vote. If he has stated it, the group must give its consent for you to withdraw it.

Privileged Motions - You may at any time make a motion to adjourn or take a recess. These are privileged motions and

are not debatable. They must be acted upon even if a main motion is pending. Before offering a privileged motion, you wait until there is clearance, rise and be recognized. You have the right to interrupt a speaker to get the business back on the track. This is known as Call for the Orders of the Day. It requires no second and is not debatable or amendable.

Incidental Motions - If a motion is made in violation of the Constitution or By-Laws, an objection can be raised by saying, "*I rise to a point of order.*" You can also question Parliamentary Procedure or inquire regarding a point of information. This may be done even though another speaker has the floor.

Subsidiary Motions - To hasten or post-pone action on a main motion, a motion is made to "*lay on the table,*" "*postpone to a future date,*" "*postpone indefinitely,*" "*refer to a committee.*" The motions require a second.

Appeal from Decision of the Chair - A motion to appeal from the decision of the Chairman requires a second and the meeting votes on your appeal. If the result is a tie vote, the appeal is lost as a tie will not overrule the Chairman's decision.

Voting - Voting may be done by voice vote, show of hands, or rising if the vote is doubtful. If a division of the assembly is called, members in favor rise and are counted, then opposed rise and are counted. You have the right to abstain and remain seated.

Balloting - Voting by ballot may be done by general consent or majority vote. In any case where it may embarrass a member to declare his vote, voting by ballot is desirable.

Majority Vote - Unless the By-Laws require a larger vote for adoption, a majority vote is sufficient to pass a motion. Usually a two-thirds vote is required to change the Constitution or By-Laws or expel a member from office or from the Organization.
